

# ANDER DLA NËI

## SNOW CAVE

Start	Ütia Lé
Trail No.	<b>7 – 15B</b>
Duration	1:30 hours (one-way, on foot)
Max Elevation	2.150 m
Min Elevation	1.850 m
Difficulty	<b>EASY</b> suitable for families

Starting from Ütia Lé, take **trail No. 7** which follows the Via Crucis leading to the Sanctuary of S. Croce. This trail winds through the **forest** and is of **moderate difficulty**. For those who prefer a less strenuous option, you can also take the La Crusc 2 cable car, which will bring you within 100 meters of the Sanctuary.

From the Sanctuary of S. Croce, take **trail No. 15B**, which is almost level and runs at the foot of the Sas dla Crusc (2.907 m) and the **Piza dales Diesc** (3,026 m), offering stunning views at the entrance of the Fanes-Senes-Braies Nature Park, a **UNESCO World Heritage** site.

The Snow Cave is a natural cave formed by the melting of snow during the spring months and sometimes remains until the following winter. If there is little snow in winter, the cave will not form.
